

The Cavalier Chronicle

President's Message

It's this time each year when we begin to get busy planning for our Specialty, Auction, Banquet and we usually have a Fun Match/Puppy Picnic in the works for the fall. Trophy fund donations, club renewals go out, nominating committee for new officers and board members, along with many other things going on in the background.

You may be asked by me or a committee chair to help out with one of these events. If you have any time on hand, this is the time to jump in. If you are up to your gills in other things, then maybe you can make a monetary donation. Our

trophy fund is exhausted. By donating to the trophy fund, you can ask that the gift be in memory of or in honor of. Your name will also appear in the premium, on the website and on the hospitality table at our show. Our 2010 auction is coming up in which we will be soliciting for items to auction but we do take monetary gifts in which our Auction Chair can use to purchase items to Auction and will be credited. The Auction is our biggest fund raiser of the year. We make no money from our show, so the auction is what carries us from year to year. Now that summer is coming to an end, hopefully our atten-

dance will pick up. In September we will be bringing our cavaliers to practice and get some socialization. We have a great program planned for October, November our meeting will be at our Fun Match/Puppy Picnic on Nov 15 and then December we will have our Holiday party. So you see we have a full calendar set for the rest of the year and I am sure you will all be involved.

See you at the September meeting!

Member Spotlight—Jill Scandoli

Jill owns Catesby Cavaliers out of Memphis TN! As you can see from the picture, Jill is in love with wholecolors! Meet one of Jill's "boys" - Danny (Catesby's Danny Boy O Cavisuer). He is a 4 yr old male Jill bred. Jill raised up both of his parents.

Rubies are her 1st love, and while she loves all good Cavaliers in any color, she sets out to try to improve on the Wholecolors. Jill felt back in the mid 90s they were more the under-

dog. She has been fortunate to enjoy some lovely dogs raised up in TN. Catesby's try for the whole dog, in a whole color, health is the cornerstone. Catesby's will never be a big kennel, but good people have enjoyed the efforts and part of an extended family. They have become Ruby fans as well. Jill & family are looking forward to their 4th generation being raised. She sees very much the temperaments and snippets of her foundation

dogs behind them still preserved today, which are important features and that makes her smile. They are "her kids", a big part of her life and her loves. If you see Jill, you will see a Ruby not far away!

Gail LaBerge from the GCC provided a very informative discussion on the current legislative situation regarding canine laws

Our August Speaker—Ms. Gail LaBerge

We all enjoyed the informative discussion that Gail LaBerge provided at our August meeting.

Several topics were discussed that revolved around legislation in other states that could affect us and the happenings within our own state.

The 2008 Anti Dog Fighting Bill was discussed and Gail provided insight on how influential the GCC was work-

ing with the House to get the language of the Bill changed from the Senate version that HSUS supported which required mandatory spay/neutering laws for animals picked up.

The Puppy Lemon Law did not make it into GA this year, but HSUS is working behind the scenes and the GCC feels that they will drop a bill when the Legislature reconvenes. Gail stressed that

Animal Rights Groups do not care about breeders and believes that breeding is not necessary when there are homeless pets.

GCC's role to educate our representatives on how laws passed on emotion can be detrimental. Write your representative—you can influence them—and tell them that if we enforce what is on the books, we do not need additional laws!

Our October Speaker— Mr. Tim Link

Be sure to attend our October business meeting as we will have another not to be missed speaker!

Mr. Tim Link will be our guest speaker. Tim is an author, speaker, writer and animal-communicator and Reiki energy healer for pets.

He has just published his

book, "Wagging Tales: Every Animal has a Tale" that contains 32 stories about animals that Tim has helped through animal communication.

Are you intrigued by the concept of the "dog whisperer" and finding out what is making your pet tick? Or how energy healing is used?

Then this is a do not miss meeting for you! Bring your friends too!

If you would like to learn more about Tim, you can visit his website at www.wagging-tales.com

Deed Not Breed!

Would you welcome these well-behaved pooches into your neighborhood?
Of Course!

AKC® believes a dog should be judged by its deeds, not its breed. We are dedicated to the passage of reasonable, enforceable, non-discriminatory laws to govern the ownership of dogs.

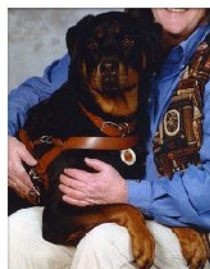

Canine Ambassador "Bly" D. visits schools to teach children how to be safe around dogs.

Bevin-Show winner "Rufus" is not only a seasoned show dog, but a fun-loving family pet.

Unfortunately, some legislators believe they can protect their communities by imposing laws that restrict or completely ban dogs based on breed alone, with little or no consideration of well-mannered canines. AKC knows there are better, more effective alternatives.

AKCACE Award winner "Fabi" is a highly skilled certified service dog trained in seizure, respiratory, and cardiac alert and response, mobility assistance and emergency disaster rescue.

2010 Specialty Show Silent & Live Auction Kickoff

On your mark, get set, GO!

We have officially kicked off our Auction campaign. We are hoping to have another wonderful banquet and a spirited live and silent auction on the evening of Friday, February 5, 2010! Our Auction Committee is co-chaired by Michele Henson and Sharon Onorato, but we need YOU too! Won't you think of helping out, no matter how small?

There are several tasks that the Auction Committee will need assistance with and if you think that you could help, please let Michele or Sharon know. Going forward at each monthly business meeting, there will be a sign up sheet circulating to identify members who would like to assist with the Auction and/or provide a donation for the Auction. Be on the look out for this sheet!

If you would like to help, some of the tasks which require help are:

- *Procurement volunteers* – helping with the solicitation of auction items
- *Item tagging volunteers* – ensuring the items are properly tagged and are described in the catalog
- *Set up / break down volunteers* – help in transporting and setting up/ breaking down the auction tables the day of the banquet
- *Auction helpers* – assisting

the auctioneer in the live auction by displaying the item to the attendees; assigning the auction paddles & auction guide to bidders when they arrive for the banquet; runners to pull silent auction bid sheets to determine winners; runners to package & pull auction items for winners upon payment; updating the Auction spreadsheet to calculate winners amount due at the end of the auction

- *Auction recorders* – recording who won the live auction items and the winning bid amounts for reconciliation

Additionally, the Auction Committee is actively soliciting items for the auction. Understanding how the current economy is impacting both individuals and businesses, we do appreciate the support our members provide in donating items for the auction. Everyone loves bidding on our "Warming Box" and "Whelping Box" items and to make that happen requires donations from multiple sources. We will be putting together a wish list of items that are needed for these and other "box" items and will be looking for sponsors – we hope you will consider sponsoring a list of items for these great auction items!

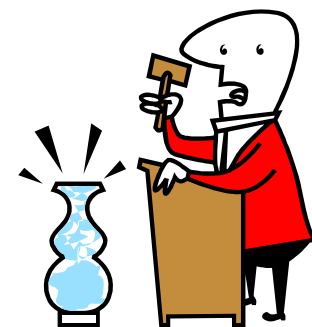

If you know of a local veterinarian, pet store or business that you think may like to donate to our auction please let Michele or Sharon know so we may send a proper donation letter to them.

And of course, if there are any items that **you** would like to see on the Silent Auction or Live Auction tables, please let us know. We would like to make this Auction as exciting as possible. And remember, it does not have to be cavalier or dog related (although we love bidding on cavalier related items)!

Not sure what to donate but want to make a contribution? Let us do the shopping for you! If you would like to make a monetary contribution towards the purchase of an item(s), we would be happy to do the leg work! Just make your check payable to *CKCSC of Greater Atlanta* and give it or mail it to Michele or Sharon for recording and handing over to our Treasury.

This is going to be an exciting auction! We will be at a new venue and we are hoping to provide you with some additional surprises!! Don't forget that 25% of the proceeds from the live auction benefit the ACKCSC Charitable Trust.

You can keep up on the happenings of the Specialty Show, Banquet & Auction by attending our monthly meetings, getting involved in a committee, checking out our website and reading the Cavalier Chronicle!!

...“we do appreciate the support our members provide in donating items for the auction.”

NC Breeder's Bill Passes Senate by a Single Vote: Moves to House

The North Carolina Senate passed [SB 460](#) on 8/5/09 by a vote of 23-22. While the AKC appreciates the many changes that were made to the bill, we remain concerned that the bill has been too rushed to allow time for legislators and the public to adequately review the bill and fully understand its implications. The AKC also believes that SB 460 is unnecessary, as North Carolina already has strong laws that address *any* cruel or negligent treatment of animals. The AKC Government Relations Department thanks the North Carolina Federation, its coalition partners, and all the many clubs and individuals who have worked so hard over the past six months to defeat SB 460.

This bill will now go to the House, where it will be introduced and assigned to one or more committees. It is likely there may not be sufficient time in the remainder of this year's session to take up the bill. However, we fully expect that this bill will be brought up in the House either in the remainder of this session or next year. The AKC continues to oppose a number of problematic provisions in the latest version of the bill, including:

Vague definitions of "commercial breeder" and licensing requirements

Commercial breeder is defined as someone who owns 15 or more intact females "of breeding age" and 30 or more puppies. It remains unclear whether these numbers refer to the number of dogs on the property at one certain time, or if this is cumulative over the course of a year. Kennels or establishments that operate for the purpose of *boarding or training* hunting, sporting, herding, show, or working dogs are exempted from the licensing requirements. The bill does not exempt the *breeders* of such dogs. It is also unclear if someone who trains show dogs, but also sells puppies is exempt from the licensing requirement.

New, problematic legislative findings. The new version of SB 460 inserts eight legislative findings into the bill. We believe that some of these findings are based on unsubstantiated claims. Furthermore, the findings claim that the bill does not interfere with a person's right to participate in hunting and working activities with their dog. The actual bill, however, states that only those who board

or train dogs for show, hunting, working, etc. are exempted. Those that breed these dogs are still subject to the provisions of the bill.

Unclear enforcement provisions. It appears that the bill seeks to exclusively empower localities to investigate violations. However, should the bill be enacted, this provision would appear in a section of existing law that empowers the State Director of Animal Welfare to investigate violations. These contradictory provisions could effectively create an unfunded mandate in which localities would be responsible for the cost of state-generated enforcement activities. The new version of this bill also would establish an Internet "registry" of all North Carolinians who would fall under the vaguely-defined "commercial" definition. While this online list might be good advertising for true commercial breeders, the AKC believes that this may be an intrusion of the privacy rights of hobby (show, hunting, working, etc.) breeders.

The AKC Government Relations Department will provide updated information on our [web site](#) as it becomes available. Copyright AKC 2009

This is from an email I received from a friend who knows how much I love my cavaliers. The age old question that every child wonders..."do dogs go to heaven when they die?" Well, a Catholic church and a Presbyterian church supposedly held the discussion via their church signage....even if it did not really happen, this is really cute!

Confused? Don't be...here
is the answer!!!!

We are a sanctioned breed specialty club and licensed by the AKC to conduct dog shows and matches. We maintain membership in the American Cavalier King Charles Spaniel Club, the [ACKCSC](#), which is the AKC Parent Club for the breed. The purpose of our Club is to protect and advance the interests of the breed by promoting quality breeding, sportsmanlike competition, and the education of both its members and the general public.

Our members range from experienced show competitors and breeders to first time pet owners, and we are the second Cavalier King Charles Spaniel local specialty breed club to become licensed by the [American Kennel Club](#).

Editor's Note

Summer is almost over...and the infamous "ber" months are fast approaching! They should be called the "blur" months because they go by so very quickly and always seem to be packed with activities and holidays.

Our latest activity was moving our eldest son up to Nashville to attend Vanderbilt. This is the first time one of our boys have lived this far away. It seems like we just moved them back home! Only Michael and Willy remain home now. We are hoping the job market opens up so Michael can find employment. It has been a tough, disappointing summer for his job search.

Finn & Skye have been enjoying the cooler mornings but still struggle in the afternoon heat. As they walk, they look for their new little friend—the BUNNY—that lives in the shrubs in a neighbors yard. You would think they are hound dogs vs. cavaliers the way they keep their noses to the ground!

Jim and I are getting ready for our holiday during the first "ber" month! We will be off to Paris and then to the UK to visit friends and see the country side. I am also hoping to pick up a little something to donate to for the Silent Auction in February. I hope that each of you would consider donating or

sponsoring an item for the Specialty Auction. Pulling everything together is a daunting task! Your donations will help to make this Auction a huge success, not to mention loads of fun! Also, YOUR help is needed, no matter how small. Please consider volunteering. It is fun and rewarding.

Lastly, if you have any topics or items or articles that you would like to see in the newsletter, please email me. This is YOUR newsletter and your input is appreciated!

Until next month -
